

WHO PAYS FOR TESTING?

PRESENTER

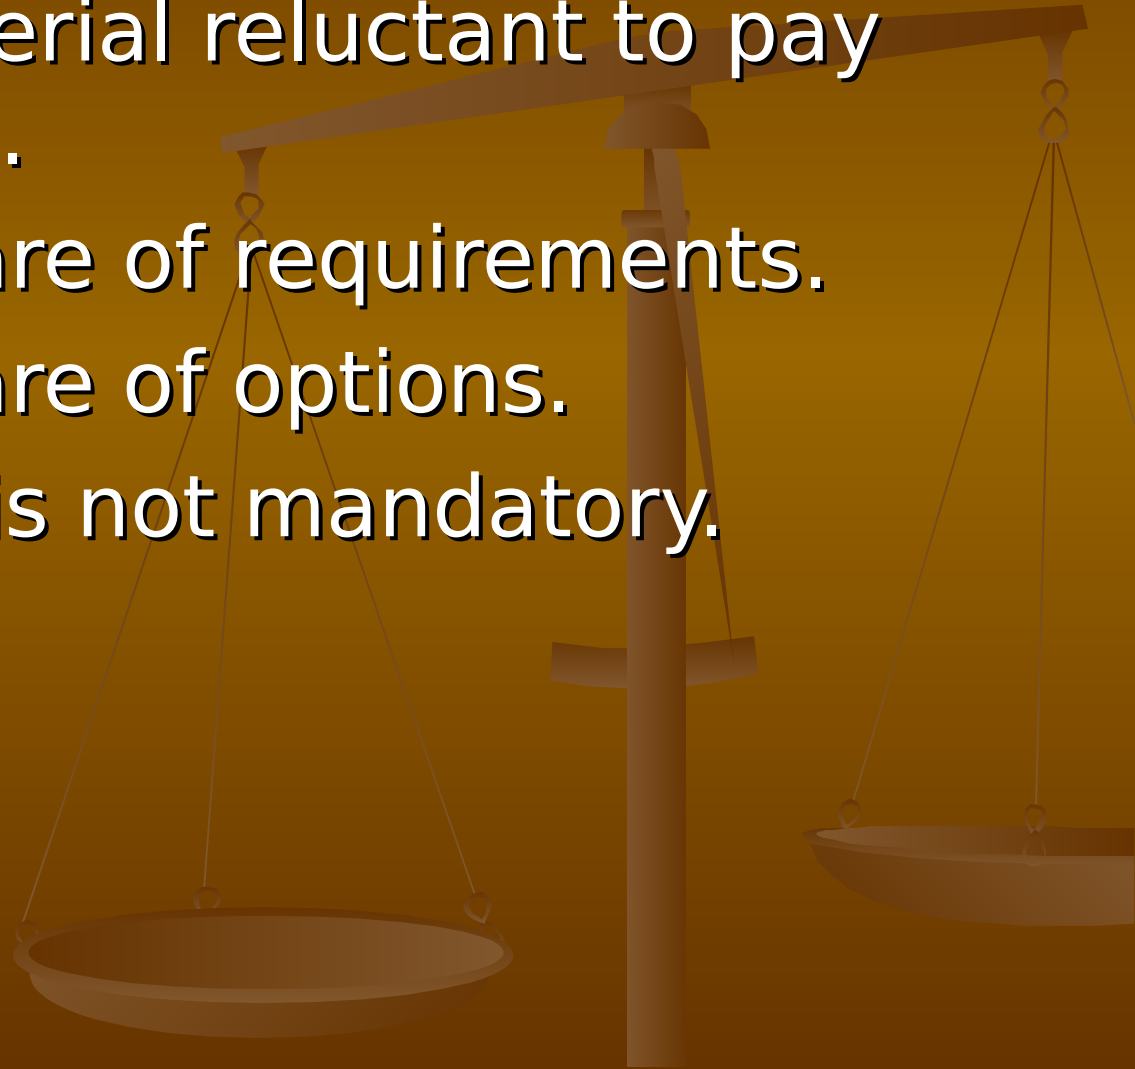

Chief, Physical Science Laboratory
Warner Robins Air Logistics Center
Air Force Materiel Command

CURRENT APPROACH

- Intent is to mitigate excess.
 - Testing paid for by owner of the material.
 - Requires program knowledge and understanding.
 - Focus is on individual case- not the big picture.
 - Other activities with like material get a free ride.
- 

IMPEDIMENTS

- Owner of material reluctant to pay for lab testing.
- Users not aware of requirements.
- Users not aware of options.
- User training is not mandatory.

APPROACH

- Put additional emphasis on training.
- Possibly add a module to the web based QSL:
 - Track by NSN.
 - Wholesale storage activity enters upon receipt.
 - Storage/User enters when material is eligible.
 - Activities notified of test decision.
 - Activities notified of test result & disposition.
